## CELEBRATION PLAZA

A longstanding tradition at Hamilton Gardens has been to offer opportunities for patrons to make donations to the gardens in honor of or in memory of family and friends. In the past, such tributes included benches, plaques and plants. These options are no longer feasible and our search for a replacement led us to the recently completed CELEBRATION PLAZA. The Plaza, in front of the Paris Pavilion, is anchored by a cascading fountain and surrounded by a stone courtyard. The Plaza is easily accessible, enhances the garden property and provides a way to support the gardens by offering these beautiful stones for custom engraving through our donation program.

Unlike bricks, each stone is unique in color, shape and size and is available in three **APPROXIMATE** sizes. The engraver will select your stone based on the size requested and number of characters submitted. Engraving is included in the price.

Small: Up to 60 square inches, maximum 38 characters: \$125

Medium: 60-80 square inches, maximum 50 characters: \$250

Large: 80 square inches, maximum 62 characters: \$400

*Each space counts as a character*

*Reserve your stone now for initial engraving!*

-----  
*Send completed form (one for each stone) along with your check to:*
